ICEMS 2019

Motor Drives Beautiful Future

The 22nd International Conference on Electrical Machines and Systems

August 11-14, 2019 / Harbin, China

Sponsor **Organizer** **Co-Sponsor** **Technical-Sponsor**

Dear colleagues and friends,

On behalf of the organizing committee of ICEMS 2019, we sincerely wish you health, happiness and prosperity in the coming Christmas and New Year 2019.

As one of the high-level international conferences in electrical machines field, ICEMS 2019 aims to provide you with valuable opportunities of communication. We are looking forward to seeing you in Harbin, China.

Xu Dianguo

General Chair, ICEMS 2019
Vice President of Harbin Institute of Technology (HIT)
IEEE Fellow, Prof. of Harbin Institute of Technology in Electrical Engineering

CONFERENCE TOPICS

- Permanent-Magnet Motors and Drives
- Permanent-Magnet Generator Systems
- Induction Machines and Drives
- AC/DC Machines and Drives
- Synchronous Machines and Drives
- Reluctance Machines and Drives
- Linear Machines and Magnetic Levitations
- Special Machines and Actuators
- Transformers
- Magnetics and Field Analysis
- Magnetic and Insulation Materials
- Manufacturing, Testing and Standards
- Power Converters
- Motion Control and Servo Systems
- Sensorless Control
- Machines System Modeling
- Renewable Energy Systems
- Energy Efficiency Systems
- Reliability and Diagnostics
- Noise, Vibration, EMI and EMC
- Cooling Technologies
- Transportation and Other Applications
- Electrical Engineering Education
- Other Related Topics

Digest Submission Deadline	Digest Acceptance Notification	Early Registration Opens
Apr. 1, 2019	May. 1, 2019	Jun. 1, 2019
