

2016 IEEE International Conference on Industrial Technology

To enhance the technical program and open the door to specific topics and areas, ICIT2016 <http://www.icit2016.org> will include special sessions. Special sessions can cover subjects or cross-subjects belonging to the topics of interest, or novel topics relevant to the ones identified within the topics of interest. Special sessions can also have the drive from specific R&D projects or clusters of projects. Submission procedure and deadlines for Special Session papers will be as for regular papers.

We need your help and are honored to invite you to call or to organize by yourself 2-3 Special Session Proposals. The guidelines for putting together in the special session proposal:

1. Title of the Session,
2. Topic and Technical Outline of the Session (100 word max.)
3. Names of Possible Contributing Authors
4. Names, Emails and Contact Addresses of the Organizers

Special Session Organizers:

1. Please use the following the [template](#) for submitting your proposal to icit2016@ira.ee.ntu.edu.tw
3. Submission procedure and deadlines for Special Session papers will be as for regular papers.
