**Hybrid Meetings**  
Taipei, Taiwan | November 16-19, 2021

**IEEE** Advancing Technology for Humanity  
**PELS** IEEE POWER ELECTRONICS SOCIETY Powering a Sustainable Future  
**TaiPEA** Taiwan Power Electronics Association  
**National Taiwan University**

The IEEE International Future Energy Electronics Conference, IFEEC 2021, as a biannual event, continues its traditions to bring together academicians, students, researchers and practicing engineers from all over the world to present emerging topics on electronic technologies for future energy applications.

Papers of practical importance are solicited in the following areas:

### Call for Papers

**IMPORTANT DATES**

**July 15**  
~~June 30~~, 2021  
Digest submission deadline

**August 1, 2021**  
Acceptance notification

**September 1, 2021**  
Final paper submission

Accepted and presented manuscripts at the conference will be indexed in IEEE Xplore Digital Library. Best Papers Awards will be granted at the Conference.

**Digests Submission:** Prospective authors are requested to submit a digest no longer than four (4) pages, single column, single-spaced, summarizing the proposed paper. The digest should include key equations, figures, tables and references as appropriate, but no author names or affiliations. **Digests not conforming to these requirements will be rejected without review.** The digests must clearly state the objectives of the work, its significance in advancing the state of the art, and the methods and specific results in sufficient detail. All digests will go through a double-blind peer review process to ensure confidentiality and fair review. Please refer to the conference website for a detailed list of technical topics and the digest submission method.
